ENHANCED EXPERIENCE

IVECO

IVECO S-WAY MY24.

Designed around you.

Building on the success of the IVECO S-Way launched in 2019, the IVECO S-Way MY24 is even more focused on the real needs of the customer.

With the outstanding comfort of its new cab, the best engine ever, even more impressive fuel efficiency and a huge choice of made-to-measure services, the IVECO S-Way MY24 is the ideal travel companion for drivers and the best business solution for fleet owners and operators.
IVECO S-Way MY24 is the latest evolution of our flagship range, our hero on the roads and the symbol of the IVECO brand's dedication to all of its customers.

In keeping with this constant evolution and matching the new product content to perfection, the special Accessory Range for the IVECO S-Way MY24 was also designed around the driver and their day-to-day needs.
The style, comfort, practicality and privacy of the cab can now be personalised and taken to new heights with a selection of made-to-measure accessories in high quality materials.
From an IVECO logo projector to fibre-optic lighting kits, from a removable hand-wash fluid tank to an LED mirror, and from the storage cabinet for the back wall of the cab to the ABS window cover, there's a whole range of accessories created to let you make your new IVECO S-Way MY24 unique and unmistakeable. Just like you.

Pick the perfect accessories to make the road ahead even more of a pleasure with the IVECO S-Way MY24.

Accessories also applicable on IVECO S-Way MY22.

IVECO S-Way MY22 accessories applicable to the new IVECO S-Way MY24 are available in the previous edition of this catalog and can be found on the IVECO ACCESSORIES website - (iveco-accessories.com).

Best-in-class technology
and style.

1 IVECO logo projector for cab door.
This accessory, with a black anodised aluminium housing, projects the IVECO logo onto the ground underneath the door as it opens. More safety when leaving the cab at night in poorly lit conditions. The projector switches off automatically 5 minutes after the door is opened.
The kit contains:
- IVECO logo projector
- Connector cable

2 Fibre-optic front grille lighting kit for IVECO S-Way MY24.
A choice of new colour combinations and new functions, all completely customisable from a dedicated app.
The kit contains:
- 11 m fibre-optic cable
- 6 LED fibre-optic lights
- 2 x 6-cable splitter boxes with cabling for lights
- 1 Bluetooth® control device box and cable splitter box controller
- fastener screw and cable tie kit

1 Free-standing mirror with folding base and LED frame light for use inside and outside cab.

Free-standing courtesy mirror with folding base and with LED light frame with selectable 3 brightness. Rechargeable, complete with USB cable. The cover folds open and can be used as a base to set the mirror down on any indoor or outdoor surface.

The kit contains:

- 1 mirror with plastic shell, with 230° folding cover/base
- 1 USB cable for charging

2 Removable exterior hand wash tank with soap dispenser.

A practical, generously sized 10 litre water tank for washing hands with tap and specific soap dispenser. Complete with carrying and mounting frame, this tank lets you take a reserve of water with you wherever you go for washing your hands before you get back behind the wheel.

The kit contains:

- 1 10-litre tank
- 1 carrying and mounting frame with provision for soap dispenser
- 1 elasticated strap for fastening the tank to the frame with press-studs
- 1 specific soap dispenser

3 Water tank bracket.

1 Drawer oddments separator.

Made from black EPDM rubber with a non-slip textured base, the separator is moulded with clearly defined partitions and a fold-down front section, allowing it to be used for both large and small drawer versions.

2 External cover for rear cab window blind.

Inspired by the cover on the legendary Turbostar, this accessory is manufactured in embossed thermoformed ABS plastic in dark anthracite grey with a UV-resistant paint coating.

The kit contains:

- 2 covers (RH + LH)
- 2 strips of Avery adhesive tape for door corner trim

3 Interior storage cabinet for back wall of cab.

Designed for the Active Space cab, this accessory increases internal storage space. The centre shelf, internal compartment lighting and ambient lighting for the handles are available as options.

The kit contains:

- 1 monocoque cabinet body in 16 mm veneered particle board, subdivided into three equally spaced sections
- 3 front doors in PP + 4% talc.
- 2 lateral doors (RH and LH)
- 1 cabinet base cover in 3 mm thick thermoformed, embossed ABS.
- 1 upper frame profile
- 1 set upper fastener brackets and 1 set of lower fastener brackets in 235JR galvanised steel measuring 2 to 3 mm in thickness
- 6 door hinges
- 6 gas struts for doors
- 3 door handles
- fastener hardware
